COOLIDGE FAVORS HARDING PLAN

Touches Upon World Court in His Memorial Day Speech.

AGAINST AMBIGUOUS POSITION

Holds Proposal For American Adherence to World Court Contingent Upon Its Dissociation From the League of Nations Unworthy of American Traditions—Believes in Army and Navy For Defense.

Washington, May 31.—President Coolidge in his Memorial Day address here, revealed that he is still partial to the Harding-Hughes world court plan.

He declared that the proposals for American adherence to the world court contingent upon its dissociation from the league of nations were unworthy of American traditions. "If we receive anything we must surrender something," said the president. "We may as well face the question candidly, and if we are willing to assume these new duties in exchange for the benefits which would accrue to us, let us say so. If we are not willing, let us say that. We can accomplish nothing by taking a doubtful or ambiguous position."

In his address the president did not refer directly to the plan advanced by the majority of the senate foreign relations committee for American membership in the permanent court of international justice provided the signatory nations agree to dissociate the court from the league, but its declaration was taken generally to apply to that proposal.

Concerning the national defenses Mr. Coolidge said: "It is not to be inferred that it would be anything less than courting national disaster to leave our country barren of defense. There have been and will be domestic disorders. There have been and will be tendencies of one nation to encroach on another. I believe in the maintenance of an army and navy, not for aggression, but for defense. Security and order are our most valuable possessions. They are cheap at any price. But I am opposed to every kind of military aggrandizement and to all forms of competitive armament. The ideal would be for nations to become parties to mutual covenants limiting their military establishments, and making it obvious that they are not maintained to menace each other. This ideal should be made practical as fast as possible."

Concerning the Harding plan, the president said: "More than a year ago President Harding proposed that the senate should authorize our adherence to the protocol of the permanent court of international justice with certain conditions. His suggestion has already had my approval. On that I stand. I should not oppose other reservations, but any material changes which would not probably receive the consent of the many other nations would be impracticable."

"While there are those who think we would be exposed to peril by adhering to this court, I am unable to attach great weight to their arguments. Whatever differences, whatever perils exist for us in the world will come anyway, whether we oppose or support the court. I am one of those who believe we would be safer, and that we would be meeting our duties better, by supporting it and making every possible use of it. I feel confident that such action would make a greater America, that it would be productive of a higher and finer national spirit, and of a more complete national life."

BUS LAW TO BE ATTACKED

Test of Its Constitutionality Anticipated by Officials.

Columbus, May 31.—State and local officials expect a test of the constitutionality of the Freeman-Collister motor bus act, or at least that part of the act which says that the public utility commission's orders take precedence over a municipal ordinance or franchise in case of a conflict between the two.

The question of the commission's right to regulate motor bus operation solely within the limits of a single corporation arose when the city of Cleveland protested the jurisdiction of the state in hearing an application of the Cleveland Railway company for permission to set up a motor bus service within Cleveland city limits. Chief point of conflict is between the home rule clause of the constitution and the provision of the Freeman-Collister act, which puts motor transportation under state regulation.

Bloomington (Illinois) Banker Would Protect Wild Birds.

Mr. Aldrich will go before the next legislature and ask for the adoption of a bill which will convert the state of Illinois into one gigantic game preserve and prevent the killing of any wild bird or wild animal.

OPPOSITION FAILS

British Labor Government Given Vote of Confidence.

London, May 31.—The house gave the Labor government a vote of confidence, 300 to 252. The vote was taken on the government's policy with regard to employment. It was this issue which had prompted a bitter debate in the house and threats from the Conservatives and Liberals to attempt the government's overthrow. The technical issue at stake was an opposition motion to reduce the salary of Tom Shaw, minister of labor, by 100 pounds a year. The opposition chose that method to show its disapproval of Labor's unemployment policy. Premier MacDonald warned the house, in a spirited defense of his government, that if Labor were defeated, the cabinet would resign and force a new general election.

Marriage Ban Lifted.

Tiffin, O., May 31.—The ban against the marriage of students for the university who are educated with church funds was lifted by the general conference of the Methodist Protestant church in session here.

MELLON FLOUTS MEANS' STORY

Too Absurd to Deserve Notice, Says the Secretary.

HAS "FACTS" FOR COMMITTEE

Means on Stand Dwells at Length on His Charges Regarding Secretary Mellon and Latter's Alleged Connection With Certain Liquor Transactions—Also Accuses Senator Lodge and Other Notables.

Washington, May 31.—In a formal statement, Secretary of the Treasury Mellon declared that the testimony of Gaston B. Means, former secret service operator, before the senate Daugherty committee was "too absurd to deserve notice."

Secretary Mellon added that "if the senate committee gives any credence to Means' story it will undoubtedly call on me for the facts."

Means on the stand told how he came to investigate Mellon's affairs. "President Harding was alarmed at the liquor situation," he said, "and he ordered me to investigate withdrawals. I first went to New York and then to Pittsburgh."

Means dealt at length with his charges regarding Secretary Mellon and his alleged connection with certain liquor transactions. He also attempted to link up the Mellon banking interest in Pittsburgh with financial operations involving bootleggers.

Means linked the famous case of the La Montagne brothers, who were sentenced to jail in New York for violation of the prohibition law, with Democratic and Republican interests. The La Montagne brothers, he said, employed Wade H. Ellis, former attorney general of Ohio, and a friend of Daugherty, for \$50,000.

Means also said Senator Henry Cabot Lodge of Massachusetts aided a New York firm in obtaining export permits for whisky, which was later bootlegged back into the United States.

Means said he investigated Henry Ford for President Harding, upon orders from Jesse Smith, who told him to find out what was behind Ford's attack on the Jews. Smith also ordered him to investigate General C. E. Sawyer, white house physician; Gray Silver, representative of the American Farm Bureau federation and one of the powers behind the farm bloc, which caused Harding so much trouble in congress, a mysterious Mrs. Cross, and several others.

DAWN TO DUSK FLIGHT

Maughn to Make Third Attempt to Cross the Continent.

New York, May 31.—Lieutenant Russell L. Maughn will make his third attempt to fly across the continent between dawn and dusk, some time in June. Plans for the flight were announced by O. E. Stutsman, project engineer from McCook Field, Dayton, O., who is at Mitchell Field, Long Island, superintending the construction and installation of the special equipment for the Curtis Pursuit Plane, O-12, in which Lieutenant Maughn will race the sun to San Francisco. In view of the time allowance, 13 minutes to cover normal stops and emergencies, Maughn will attempt to run ahead of schedule.

Four stops have been scheduled between here and Crissey Field, San Francisco. The first will be at McCook field, Dayton. The other stops will include City field, St. Joseph, Mo., air mail field, Cheyenne, Wyo., and Salt Bed, Salduro, Utah.

DOINGS IN OHIO

Convicted Man Pardoned.

Columbus, May 31.—Bernard Donahue, 40, of Belmont county, convicted of manslaughter, was pardoned yesterday by Governor Donahue. On Jan. 2 Donahue was drunk, while driving his automobile in Belleaire at a reckless rate of speed. The machine struck Angelina Giacometti, a 16-year-old Italian girl. She died of her injuries. Donahue received his pardon for his heroic work at the time of the Benwood mine disaster, leading a rescue crew and making repeated trips into the mine at the risk of his own life. He has a family and was pardoned on condition that he abstain from intoxicating liquors.

Urge Stage and Screen Censor.

Cleveland, May 31.—Establishment of a city censor committee to pass on all stage and screen shows in Cleveland was urged upon Chief of Police Jacob Graul by a delegation headed by Rev. E. R. Wright, secretary of the Federated Churches, and Miss Savina Marshall, executive secretary of the Women's Protective association. Chief Graul said he would favor such a committee, provided it represented all viewpoints.

\$15,000 For Loss of Hand.

Tiffin, O., May 31.—Jesse C. Weaver, machinist, was given \$15,000 by a jury in common pleas court here for the loss of his right hand. The verdict gave Weaver \$15,000 damages against the Webster Manufacturing company, where he was employed at the time his hand was alleged to have received injuries which caused tuberculosis of the bone to develop.

Invalid Kills Self.

Columbus, May 31.—Unable to work, Edgar E. Norris, 49, a carpenter, committed suicide by shooting himself with a shotgun at his home. Norris had been ill for a year. He leaves his mother, four sisters, a brother, three sons and a daughter. His wife is dead.

Thrown From Automobile.

Cincinnati, May 31.—Albert Thorne, 38, cashier of the General Electric company of Schenectady, N. Y., was killed here in an automobile accident. His neck was broken when he was thrown from an auto which crashed into a loaded ice wagon.

Boy Run Down.

Marion, O., May 31.—Russell Williams, 15, is in a critical condition at his home here as the result of being run over by a disc on his father's farm. His left leg was broken and he received many severe bruises about the hips.

Stone For LaFollette.

Cleveland, May 31.—Senator Robert M. LaFollette was endorsed as a candidate for president by Warren S. Stone, head of the Brotherhood of Locomotive Engineers, in a speech to the women's auxiliary of the Brotherhood.

Skidded Off Road.

Marietta, O., May 31.—Clyde Dreibleis of Elba was killed when the auto in which he was riding with a companion, Harry Hughes, skidded off a road near here. Hughes was injured seriously.

Burton Qualifies.

Columbus, May 31.—Congressman Theodore E. Burton of Cleveland filed a declaration of his candidacy for the Republican nomination for congress. It is understood that Mr. Burton intends to spend the summer in travel after the rigors of the Republican national convention, and that he did not care to give up a European tour for an Ohio stump campaign.

LAW STUDENT QUESTIONED

Held in Connection With Death of Robert Franks.

IS THE SON OF A MILLIONAIRE

Admits Losing Pair of Glasses Similar to the Pair Found Near the Nude Body of the Slain Youth. Friend of Suspect Also Held in Custody at the State Attorney's Office in Chicago.

Chicago, May 31.—Authorities are holding Nathan Leopold, 19, millionaire's son, in connection with the kidnapping and murder of Robert Franks, aged 14.

At the state's attorney's office Leopold, a law student at the University of Chicago and master of 15 languages, admitted losing a pair of glasses similar to those found near the nude body of the slain youth. He was taken into custody after trailing sale of the glasses through a large optical firm.

Leopold told police he had often visited the scene where young Franks' body was found; that he had been there a few days before the murder; that he owned a typewriter similar to the one with which the letter demanding \$10,000 was written, but he denied any knowledge of the crime.

The "ransom letter," which was couched in flawless English and grammatically correct in every detail, was shown Leopold. "Could you write as good a letter as this?" he was asked. "Yes, I could easily duplicate it, if I could not write a better one," he said.

Richard Loeb, son of the late vice president of Sears, Roebuck & Company and friend of Leopold, was also held in custody at the state attorney's office. He was questioned regarding his movements on the day of the murder. "We are not satisfied with Loeb's story and will hold him a while longer," an attaché of the state attorney's office said.

Leopold said he knew the Franks family only by reputation and had never met the slain youth. He said he attended Harvard school before entering the university. It was the Harvard school which young Franks was attending.

Leopold denied all knowledge of the slaying, although admitting that he had often visited the swamp where the body was found. He explained his interest as due to ornithology and said he had gone to the swamp in search of birds. Loeb substantiated the main points of Leopold's story.

DETROIT DRIVER FINISHES FIRST

Race Records Broken at the Indianapolis Speedway.

Indianapolis, May 31.—Joe Boyer of Detroit and L. L. Corum of Indianapolis, teammates, won the honor at the motor speedway yesterday.

Boyer moved up from fourth place and after a speed duel took the lead from Earl Cooper at 445 miles and held it until the finish. Cooper finished second, 1:24 seconds behind the leader, and Jimmy Murphy, winner in 1922, eased into third position nearly three minutes later. The average of 98.24 miles an hour maintained today cracked the race record of 94.48 miles per hour established by Murphy when he won in 1922.

Boyer gets the credit for bringing the winning car across the finish line, while to Corum, who was in the driver's seat of the victorious car as it flashed away at the start, will go the rich cash prizes of approximately \$30,000.

Boyer, who retired when his own car developed trouble, piloted the winning machine over the last 233 miles.

Other money winners were: Harry Hartz, fourth; Bennie Hill, fifth; Pete DePaolo, sixth; Fred Comer, seventh; Ira Vail, eighth; Antoine Mourre, ninth, and Robert McDonough, tenth. A consolation prize of \$10,000 was distributed among the other 12 drivers who started.

Abe Ravitz, 13, was shot and fatally wounded by a machine gun which was being demonstrated at the Michigan Industrial exposition at Detroit.

BOYS IN SUICIDE PACT

Nerve of Four Failed When First Boy Swallowed Poison.

Pontiac, Mich., May 31.—Joseph Muse, 15, swallowed poison and died, another boy took a sip of poison and spat it out, and three other youths failed to carry out their promises after all five had entered into a pact to kill themselves.

It was through Mrs. Hale, mother of Gerald Hale, one of the boys in the alleged compact, that instructors in the local high school learned of the strange arrangement under which five young students, all apparently in the best of health, decided to take their lives. According to young Hale, Muse talked over with the other four a reprimand which had been issued to them by a school teacher. Then Muse formulated an oath and had the boys swear that they would kill themselves, Hale said. Muse obtained the bottle of poison, according to Hale, drank a portion of it, and fell dead soon afterward. Hale's turn was next, but his nerve failed him when he took one sip. The other three boys fled.

Bricklayers Get Increase.

Chicago, May 31.—Bricklayers will receive \$17.90 an hour minimum after June 1, according to an agreement reached between officials of the bricklayers and the union. The existing agreement, expiring May 31, specifies a minimum of \$13.25. The settlement will be used as a basis by other building trades, officials said.

HITS DRY AMENDMENT

Connecticut, Solon Offers Resolution For Its Repeal.

Washington, May 31.—Representative O'Sullivan (Dem., Conn.) offered the first resolution to repeal the eighteenth amendment. He said he realized it had no chance of passage, as it would "be stifled by the Anti-Saloon league, which dominates congress." He thought the amendment ought to be repealed because its existence was endangering established authority and declared he was more interested in maintaining the integrity of government than in prohibition.

The dries will watch the Cleveland convention closely when the delegates begin the selection of a vice president. Wayne B. Wheeler, generalissimo of the Anti-Saloon league announced. They will also watch the Democrats at New York. The reason for their interest in the selection of vice presidential candidates is the possibility that one of them may become president in the event no candidate for president receives the majority of votes in the electoral college.

Jap Ambassador to Resign.

Tokyo, May 31.—The report that Japanese Ambassador Hanihara in Washington will resign because of opposition of the Japanese exclusion clause in the new American immigration bill is confirmed here. The ambassador plans to go into private life and probably will join the Mitsui firm, with which his wife's family is identified.

Fifty Years a Priest.

Columbus, May 31.—Thanksgiving services in honor of the fiftieth anniversary of the ordination of Rev. Father M. M. Meara to the priesthood were held in St. Joseph's cathedral here. All the clergymen of the Columbus diocese took part, and Bishop James J. Hartley presided. As a token of esteem Rev. Father Meara was presented with a purse from the congregation and one from the clergy.

MELLON FLOUTS MEANS' STORY

Too Absurd to Deserve Notice, Says the Secretary.

HAS "FACTS" FOR COMMITTEE

Means on Stand Dwells at Length on His Charges Regarding Secretary Mellon and Latter's Alleged Connection With Certain Liquor Transactions—Also Accuses Senator Lodge and Other Notables.

Washington, May 31.—In a formal statement, Secretary of the Treasury Mellon declared that the testimony of Gaston B. Means, former secret service operator, before the senate Daugherty committee was "too absurd to deserve notice."

Secretary Mellon added that "if the senate committee gives any credence to Means' story it will undoubtedly call on me for the facts."

Means on the stand told how he came to investigate Mellon's affairs. "President Harding was alarmed at the liquor situation," he said, "and he ordered me to investigate withdrawals. I first went to New York and then to Pittsburgh."

Means dealt at length with his charges regarding Secretary Mellon and his alleged connection with certain liquor transactions. He also attempted to link up the Mellon banking interest in Pittsburgh with financial operations involving bootleggers.

Means linked the famous case of the La Montagne brothers, who were sentenced to jail in New York for violation of the prohibition law, with Democratic and Republican interests. The La Montagne brothers, he said, employed Wade H. Ellis, former attorney general of Ohio, and a friend of Daugherty, for \$50,000.

Means also said Senator Henry Cabot Lodge of Massachusetts aided a New York firm in obtaining export permits for whisky, which was later bootlegged back into the United States.

Means said he investigated Henry Ford for President Harding, upon orders from Jesse Smith, who told him to find out what was behind Ford's attack on the Jews. Smith also ordered him to investigate General C. E. Sawyer, white house physician; Gray Silver, representative of the American Farm Bureau federation and one of the powers behind the farm bloc, which caused Harding so much trouble in congress, a mysterious Mrs. Cross, and several others.

DAWN TO DUSK FLIGHT

Maughn to Make Third Attempt to Cross the Continent.

New York, May 31.—Lieutenant Russell L. Maughn will make his third attempt to fly across the continent between dawn and dusk, some time in June. Plans for the flight were announced by O. E. Stutsman, project engineer from McCook Field, Dayton, O., who is at Mitchell field, Long Island, superintending the construction and installation of the special equipment for the Curtis Pursuit Plane, O-12, in which Lieutenant Maughn will race the sun to San Francisco. In view of the time allowance, 13 minutes to cover normal stops and emergencies. Maughn will attempt to run ahead of schedule.

Four stops have been scheduled between here and Crissey Field, San Francisco. The first will be at McCook field, Dayton. The other stops will include City field, St. Joseph, Mo., air mail field, Cheyenne, Wyo., and Salt Bed, Salduro, Utah.

DOINGS IN OHIO

Convicted Man Pardoned.

Columbus, May 31.—Bernard Donahue, 40, of Belmont county, convicted of manslaughter, was pardoned yesterday by Governor Donahue. On Jan. 2 Donahue was drunk, while driving his automobile in Bellaire at a reckless rate of speed. The machine struck Angelina Giacometti, a 16-year-old Italian girl. She died of her injuries. Donahue received his pardon for his heroic work at the time of the Benwood mine disaster, leading a rescue crew and making repeated trips into the mine at the risk of his own life. He has a family and was pardoned on condition that he abstain from intoxicating liquors.

Urge Stage and Screen Censor.

Cleveland, May 31.—Establishment of a city censor committee to pass on all stage and screen shows in Cleveland was urged upon Chief of Police Jacob Graul by a delegation headed by Rev. E. R. Wright, secretary of the Federated Churches, and Miss Savina Marshall, executive secretary of the Women's Protective association. Chief Graul said he would favor such a committee, provided it represented all viewpoints.

\$15,000 For Loss of Hand.

Tiffin, O., May 31.—Jesse C. Weaver, machinist, was given \$15,000 by a jury in common pleas court here for the loss of his right hand. The verdict gave Weaver \$15,000 damages against the Webster Manufacturing company, where he was employed at the time his hand was alleged to have received injuries which caused tuberculosis of the bone to develop.

Invalid Kills Self.

Columbus, May 31.—Unable to work, Edgar E. Norris, 49, a carpenter, committed suicide by shooting himself with a shotgun at his home. Norris had been ill for a year. He leaves his mother, four sisters, a brother, three sons and a daughter. His wife is dead.

Thrown From Automobile.

Cincinnati, May 31.—Albert Thorne, 38, cashier of the General Electric company of Schenectady, N. Y., was killed here in an automobile accident. His neck was broken when he was thrown from an auto which crashed into a loaded ice wagon.

Boy Run Down.

Marion, O., May 31.—Russell Williams, 15, is in a critical condition at his home here as the result of being run over by a disc on his father's farm. His left leg was broken and he received many severe bruises about the hips.

Stone For LaFollette.

Cleveland, May 31.—Senator Robert M. LaFollette was endorsed as a candidate for president by Warren S. Stone, head of the Brotherhood of Locomotive Engineers, in a speech to the women's auxiliary of the Brotherhood.

Skidded Off Road.

Marietta, O., May 31.—Clayde Dreibleis of Elba was killed when the auto in which he was riding with a companion, Harry Hughes, skidded off a road near here. Hughes was injured seriously.

Burton Qualifies.

Columbus, May 31.—Congressman Theodore E. Burton of Cleveland filed a declaration of his candidacy for the Republican nomination for congress. It is understood that Mr. Burton intends to spend the summer in travel after the rigors of the Republican national convention, and that he did not care to give up a European tour for an Ohio senate campaign.

LAW STUDENT QUESTIONED

Held in Connection With Death of Robert Franks.

IS THE SON OF A MILLIONAIRE

Admits Losing Pair of Glasses Similar to the Pair Found Near the Nude Body of the Slain Youth. Friend of Suspect Also Held in Custody at the State Attorney's Office in Chicago.

Chicago, May 31.—Authorities are holding Nathan Leopold, 19, millionaire's son, in connection with the kidnapping and murder of Robert Franks, aged 14.

At the state's attorney's office Leopold, a law student at the University of Chicago and master of 15 languages, admitted losing a pair of glasses similar to those found near the nude body of the slain youth. He was taken into custody after trailing sale of the glasses through a large optical firm.

Leopold told police he had often visited the scene where young Franks' body was found; that he had been there a few days before the murder; that he owned a typewriter similar to the one with which the letter demanding \$10,000 was written, but he denied any knowledge of the crime.

The "ransom letter," which was couched in flawless English and grammatically correct in every detail, was shown Leopold. "Could you write as good a letter as this?" he was asked. "Yes, I could easily duplicate it, if I could not write a better one," he said.

Richard Loeb, son of the late vice president of Sears, Roebuck & Company and friend of Leopold, was also held in custody at the state attorney's office. He was questioned regarding his movements on the day of the murder. "We are not satisfied with Loeb's story and will hold him a while longer," an attaché of the state attorney's office said.

Leopold said he knew the Franks family only by reputation and had never met the slain youth. He said he attended Harvard school before entering the university. It was the Harvard school which young Franks was attending.

Leopold denied all knowledge of the slaying, although admitting that he had often visited the swamp where the body was found. He explained his interest as due to ornithology and said he had gone to the swamp in search of birds. Loeb substantiated the main points of Leopold's story.

DETROIT DRIVER FINISHES FIRST

Race Records Broken at the Indianapolis Speedway.

Indianapolis, May 31.—Joe Boyer of Detroit and L. L. Corum of Indianapolis, teammates, won the honor at the motor speedway yesterday.

Boyer moved up from fourth place and after a speed duel took the lead from Earl Cooper at 445 miles and held it until the finish. Cooper finished second, 1:24 seconds behind the leader, and Jimmy Murphy, winner in 1922, eased into third position nearly three minutes later. The average of 98.24 miles an hour maintained today cracked the race record of 94.48 miles per hour established by Murphy when he won in 1922.

Boyer gets the credit for bringing the winning car across the finish line, while to Corum, who was in the driver's seat of the victorious car as it flashed away at the start, will go the rich cash prizes of approximately \$30,000.

Boyer, who retired when his own car developed trouble, piloted the winning machine over the last 233 miles.

Other money winners were: Harry Hartz, fourth; Bennie Hill, fifth; Pete DePaolo, sixth; Fred Comer, seventh; Ira Vail, eighth; Antoine Mourre, ninth, and Robert McDonough, tenth. A consolation prize of \$10,000 was distributed among the other 12 drivers who started.

Abe Ravitz, 13, was shot and fatally wounded by a machine gun which was being demonstrated at the Michigan Industrial exposition at Detroit.

BOYS IN SUICIDE PACT

Nerve of Four Failed When First Boy Swallowed Poison.

Pontiac, Mich., May 31.—Joseph Muse, 15, swallowed poison and died, another boy took a sip of poison and spat it out, and three other youths failed to carry out their promises after all five had entered into a pact to kill themselves.

It was through Mrs. Hale, mother of Gerald Hale, one of the boys in the alleged compact, that instructors in the local high school learned of the strange arrangement under which five young students, all apparently in the best of health, decided to take their lives. According to young Hale, Muse talked over with the other four a reprimand which had been issued to them by a school teacher. Then Muse formulated an oath and had the boys swear that they would kill themselves, Hale said. Muse obtained the bottle of poison, according to Hale, drank a portion of it, and fell dead soon afterward. Hale's turn was next, but his nerve failed him when he took one sip. The other three boys fled.

Bricklayers Get Increase.

Chicago, May 31.—Bricklayers will receive \$1.50 an hour minimum after June 1, according to an agreement reached between officials of the bricklayers and the union. The existing agreement, expiring May 31, specifies a minimum of \$1.25. The settlement will be used as a basis by other bargaining trades, officials said.

HITS DRY AMENDMENT

Connecticut Solon Offers Resolution For Its Repeal.

Washington, May 31.—Representative O'Sullivan (Dem., Conn.) offered the first resolution to repeal the eighteenth amendment. He said he realized it had no chance of passage, as it would be "stifled by the Anti-Saloon league, which dominates congress." He thought the amendment ought to be repealed because its existence was endangering established authority and declared he was more interested in maintaining the integrity of government than in prohibition.

The dries will watch the Cleveland convention closely when the delegates begin the selection of a vice president. Wayne B. Wheeler, generalissimo of the Anti-Saloon league announced. They will also watch the Democrats at New York. The reason for their interest in the selection of vice presidential candidates is the possibility that one of them may become president in the event no candidate for president receives the majority of votes in the electoral college.

Jap Ambassador to Resign.

Tokio, May 31.—The report that Japanese Ambassador Hanfura in Washington will resign because of adoption of the Japanese exclusion clause in the new American immigration bill is confirmed here. The ambassador plans to go into private life and probably will join the Mitsui firm, with which his wife's family is identified.

Fifty Years a Priest.

Columbus, May 31.—Thanksgiving services in honor of the fiftieth anniversary of the ordination of Rev. Father M. M. Meara to the priesthood were held in St. Joseph's cathedral here. All the clergymen of the Columbus diocese took part, and Bishop James J. Hartley presided. As a token of esteem Rev. Father Meara was presented with a purse from the congregation and one from the clergy.

The North Star

Polaris, or the North star, is to navigators north of the equator the most important of all stars. It cannot be seen south of the equator. It is the second magnitude star at the end of the handle of the "little dipper." It is readily found by aid of the pointers of the "big dipper," which are the two stars in the bowl of the dipper located farthest from the handle. A line drawn through these stars and extended a distance equal to about five times the distance between them brings us to Polaris.

Rays Control Weight

The ultraviolet ray is equally effective as a weight reducer or producer, according to Drs. Livet and Vautier, who described to the Academy of Medicine the excellent results obtained when the rays were applied to a number of obese patients, bringing about a loss in weight of from eight to 20 pounds after 30 applications. The same rays, used to tone up debilitated patients, caused them to put on flesh.—New York World.

Breakfast in Paris Is Not Substantial Meal

The most difficult thing to find in Paris, aside from a clean theatrical performance, is a substantial breakfast.

One can go out on the streets of Paris at seven in the morning, when the noise of the wooden shoe is abroad in the land and the asphalt of the newly washed boulevards reflects the trig figures of the midinettes hastening to their daily eleven hours of work, and hunt diligently until ten o'clock without finding any establishment that dispenses anything more satisfying than a cup of anemic coffee and a few buns resembling the shoe of an undersized horse.

"Ah, madame! Have you of the eggs? It is a necessity that one devours three eggs."

"What, m'sieu, three eggs? Zut, then, m'sieu! For what reason would three eggs dwell in this establishment? No egg has been demanded here since the time of the trial of that poor Drayfus, when eggs were thrown by many wicked persons. M'sieu is an original, perhaps. Three eggs? Heaven!"

"Then possibly madame possesses a small sausage or a morsel of bacon with which she could succor the starving?"

"But no, m'sieu! No man requires such things for breakfast! Is it that m'sieu forgot to devour his dinner last night, yes?"

And m'sieu either satisfies the wild demands of his stomach with the universal horseshoe-shaped buns and a cup of coffee that could double for dishwater and deceive the most experienced dishwashers, or goes without food until the restaurants open for business later in the day.—Kenneth L. Roberts, in the Saturday Evening Post.

Dragon's Service to China.
China adopted the dragon as the symbol of empire because of the superstition that 1,500 years before the time of Moses a golden dragon rose from the waters of the Yellow sea and imparted to the emperor the secrets of agriculture.

**Executor's Sale
Of Real Estate**

George W. Miller, executor of the estate of E. J. Pickering, deceased, plaintiff vs. George W. Miller et al., defendants, No. 8813, Probate Court Pickaway County, Ohio.

In pursuance of an order of sale from said Court to me directed in the above entitled action, I will expose to sale, at public auction, at the door of the Court House, in Circleville, Pickaway County, Ohio,

MONDAY, JUNE 2, 1924,
at 2 o'clock P. M. the following real estate situated in the County of Pickaway, State of Ohio and in the Township of Muhlenberg and the Incorporated Village of Darbyville, and known as tract Nos. 2 and 3 in cause No. 8813 Probate Court, Pickaway County, Ohio and bounded and described as follows:

Tract No. 2. Beginning at a stake in corner of a two and one-quarter acre lot conveyed by John P. Hill to M. Peters by deed, 263 degrees 58 minutes 18 seconds to 3 barren oak stumps in the back line of the Original Survey; thence with the same 10 degrees E. 35 1/2 poles to a stake; thence N. 88 1/2 E. 58 poles to a stake, a point where a buckeye corner tree stood which tree is now down and gone passing a white oak stump in said line formerly a corner tree to said 2 1/4 acre lot; thence S. W. 11 poles 10 links to the beginning, containing 67 acres and 41 poles.

Tract No. 3. Also 100 acres of land No. of Entry 515 conveyed to said Richard Seymour by David Thompson and wife and described as follows: Beginning at a stake in John Shepard's line bearing S. 68 W. 63 feet from the S. W. corner of the school house lot in Darbyville; thence with Shepard's line S. 68 W. 390 poles to a stake also corner to said Shepard; thence N. 10 W. 34 poles to a stake in the old line; thence N. 68 E. 63 poles to a stake corner to Richard Seymour; thence with his line N. 19 W. 18 poles to a stake; thence N. 68 E. 34 poles with Seymour's line to a small buckeye down corner to said Seymour; thence with his line N. 19 W. 12 poles to a stone in the Original line corner to said Seymour; thence with the Original line N. 68 E. 42 poles to a stake at the corner of the school house lot; thence with West Street and beyond it in a direction S. 30 E. 63 poles to the beginning. Both of the described tracts being in Survey No. 515, and being the same premises set apart to Catherine Seymour as her dower interest in the lands of Richard Seymour deceased, as will more fully appear in Partition Record No. 1, page 83, of the Court of Common Pleas, Pickaway County, Ohio, September term 1923. And also being the same premises devised by Corilla A. Seymour to Louisa J. Pickering by will, recorded in volume 9, page 469, Pickaway County Will Records.

Excepting from tracts Nos. 2 and 3 the following premises situated in the County of Pickaway, State of Ohio, and in Township of Muhlenberg, and described as follows: Beginning at a point in the west line of original Survey No. 515 and in the center of the Darbyville and Mt. Sterling Turnpike, 13 links S. 72 degrees 45 minutes W. from a stone supposed to be an old corner to this tract; thence N. 72 degrees 45 minutes E. 21.09 chains to a stone in the corner of said pike; thence S. 5 degrees E. 17.73 chains to a stone in the line of land of J. N. McKinley; thence with a line of J. N. McKinley and John Buzzard S. 72 degrees 10 minutes W. 20.24 chains to a large post in the line of land of James O'Day and in the west line of Original Survey No. 515; thence N. 5 degrees 30 minutes W. 17.81 chains to the place of beginning, containing 35.52 acres of land more or less, and being a part of Original Survey No. 515 Virginia Military lands. And being the same premises conveyed by Louisa J. Pickering to Joseph and wife October 19, 1910, Deed Record No. 88 page 13.

Also excepting the following premises situated in the Township of Muhlenberg County of Pickaway, State of Ohio and bounded and described as follows:

Beginning at a stone in the center of the Darbyville and Mt. Sterling Turnpike, said stone being the N. E. corner of land owned by Joseph B. Justice, and Ida M. Justice; thence with the center of said turnpike N. 72 degrees 45 minutes E. 57 links to a stone; thence S. 5 degrees E. 17.73 chains to a stone in the line of lands of J. N. McKinley; thence with his line S. 72 degrees 10 minutes W. 57 links to a stone; thence N. 5 degrees W. 17.73 chains to the place of beginning, containing one acre of land, more or less, and being a part of Survey No. 515 of the Virginia Military lands. And being the same premises conveyed by Louisa J. Pickering to Joseph and wife November 1, 1910 Deed Record No. 88, page 29, Pickaway County, Ohio.

Also excepting the following premises situated in the Village of Darbyville, County of Pickaway and State of Ohio, and bounded and described as follows: Beginning at an iron harrow tooth at the intersection of West Street and Water Street; thence S. 24 degrees 10 minutes E. 426 and 5-10 feet with the center of West Street to an iron harrow tooth in the center of West street; thence S. 73 degrees W. 275 and 5-10 feet to a one and one-fourth inch pipe in the center of Lizzard Run; thence with the center of said run on the following lines: N. 58 degrees E. 35 degrees 35 minutes W. 86 feet, S. 25 degrees 30 minutes W. 51 feet, N. 76 degrees W. 114.5 feet to a one and one-fourth inch pipe in the center of said run; thence N. 17 degrees W. 28.5 feet to an iron harrow tooth in the center of Water Street; thence N. 73 degrees E. 408.75 feet with the center of Water Street to the place of beginning, containing 3.75 acres of land, more or less, and being the same premises conveyed by Louisa J. Pickering to the Board of Education of Muhlenberg Township, April 14, 1922, and recorded in Vol. 101, page 490.

There being a balance in the lands herein described of 115.98 acres.

Said premises are appraised at \$11,573.00. Terms: one-third cash; one-third in one year and one-third in two years, the deferred payments to be secured by mortgage on the premises and to bear interest from the day of sale payable annually.

The June taxes will be paid by the Executor and the purchaser to pay all taxes thereafter. Possession will be given immediately and the purchaser will get the landlord's share of the growing crops.

This is a very desirable farm, well located, fairly well improved and a good quality of land.

For further particulars inquire of GEO. W. MILLER, Executor of the Estate of Louisa J. Pickering, GEO. G. ADKINS, Attorney, 24 April 25.

Rock Formations
Decomposed rock can be solidified again either by applying great pressure or by injecting cement, or by doing both. Thus sands are formed into sandstones, clays become shales and calcareous deposits yield limestone. Aside from their cementing materials, sandstones differ in composition exactly as did the sands of which they are composed. Sandstone, according to the United States geological survey, may be nearly pure quartz, or quartz and feldspar, or quartz, feldspar and mica, and it may vary in texture from the fine to the coarse. Some sandstone is so coarse that it will hold six quarts of water to the cubic foot, and underground deposits of such sandstone form excellent reservoirs, which may yield a never-failing supply of water.

Tree Trunks Made Cisterns.
The gigantic baobab tree of central Africa, the trunk of which sometimes attains a diameter of forty feet, often serves as a natural cistern, retaining rain-water in large quantities in a cavity formed at the top of the broad trunk. Taking the hint thus afforded by nature, the Arabs artificially hollow out the huge baobabs and fill them with water during the prevalence of rains, as a provision against the dry season. These cisterns are in many cases twenty feet in height and eight or ten feet in diameter.

Comfort for the Last Ride.
The hearse is painted a silver color and has platform springs, making it a particularly easy-riding machine.—Las Vegas (N. M.) Optic.

Averse to Borrowing Trouble.
Jimmy has been rather unfortunate lately in the way of minor accidents, and his mother has grown quite cautious about his taking chances. One day he came in and wanted to ride his tricycle down to his auntie's house. His mother hesitated before consenting to his request, and Jimmy cut in with the comforting assurance, "Maybe there won't be a thing happen, mother, so don't make a worry for yourself till it does."

Humility.
The only true independence is in humility. . . . But humility is not the virtue of a fool; since it is not consequent upon any comparison between ourselves and others, but between what we are and what we ought to be.—Washington Allston.

HERRICK REFRIGERATORS

HERRICK DRY AIR SYSTEM REFRIGERATOR
The Big Difference In Refrigerators
The main object of any refrigerator, of course, is the preservation of foods. The refrigerator that will keep foods in perfect condition longest is naturally the refrigerator you want—provided it doesn't increase your ice bills.
The Herrick answers those requirements with facts—not claims. And it does even more. It actually decreases your ice bills while giving you more effective food preservation.
And why? Simply because the Herrick is far more than an ice box—far more than a cold storage place. It is built on the scientifically demonstrated principle that more than merely cold air is necessary to keep foods in good condition for any great length of time.
Perhaps the biggest essentials to scientifically correct refrigeration are—
No. 1. Circulation of cold dry air.
No. 2. Effective insulation.
No. 3. Air-tight construction.
That the Herrick has these necessary essentials is a demonstrated fact.
Many proofs of the truth are visible even to the least informed purchaser. Others are hidden within the walls of the refrigerator, but nevertheless there, performing their functions so important to good health and economy.

Tree Trunks Made Cisterns.
The gigantic baobab tree of central Africa, the trunk of which sometimes attains a diameter of forty feet, often serves as a natural cistern, retaining rain-water in large quantities in a cavity formed at the top of the broad trunk. Taking the hint thus afforded by nature, the Arabs artificially hollow out the huge baobabs and fill them with water during the prevalence of rains, as a provision against the dry season. These cisterns are in many cases twenty feet in height and eight or ten feet in diameter.

Averse to Borrowing Trouble.
Jimmy has been rather unfortunate lately in the way of minor accidents, and his mother has grown quite cautious about his taking chances. One day he came in and wanted to ride his tricycle down to his auntie's house. His mother hesitated before consenting to his request, and Jimmy cut in with the comforting assurance, "Maybe there won't be a thing happen, mother, so don't make a worry for yourself till it does."

Humility.

GOLDEN JUBILEE

Rev. Father M. M. Meara Gave Fifty Years to Priesthood.

Commemorating the fiftieth anniversary of his ordination to the priesthood, the Roman Catholic laity of Columbus, the Knights of Columbus and the priesthood of the Capital City gathered to do honor and celebrate the golden jubilee of Rev. Father M. M. Meara, pastor of St. Joseph's cathedral in Columbus Friday evening.

The aged priest was visibly affected by the greetings paid him, said the Ohio State Journal, as the venerable priest sat in the center of the chancel of the cathedral surrounded by the priests of the diocese with Bishop Joseph J. Hartley and Rev. Father T. J. O'Reilly on his right and Monsignor James Kirwin, of Galveston, on his left.

Dr. Andrew Crotti presented Rev. Father Meara with the purse from the congregation and this contained a check for \$5000. Among other tokens received were a handsome printed picture of the Holy Father, together with the blessing, signature and seal of Pope Pius XI; also checks from the Knights of Columbus and his brother priests. Rev. Father Meara is kindly remembered in this city where he was a former pastor.

BEAUTIFUL BLOSSOMS

Cover the Graves of the Nation's Soldier Dead in Our Cemeteries.

Dr. H. H. Snively, of Columbus, Was Orator of the Day - Veterans of War of Rebellion in Autos While Those of the World War Marched

To the stirring beat of the drums, with the hundreds of flags floating in the breeze, carried by the boys and girls in the parade and Old Glory waving from every business house and the glorious sun brightening the day that we all observe to honor the boys, both living and dead was a Memorial day celebrated here that we will not soon forget.

The tramp of the military was again on the streets a parade of several hundred persons, including uniformed veterans of the World War, Motor transport 145 and the Medical detachment, special troops 37th division, members of the Howard Hall post, the members of the fraternal lodges, the Eagles and Red Men, the Groce post and Women's Relief corps in autos and hundreds of children carrying flags, headed by a platoon of police and the 166th Regiment band of Columbus marched from the Memorial hall to Forest cemetery immediately after the exercises and decorated the graves of those asleep in the dust.

The ceremonies were held under ideal weather conditions. The dreary wetness which marked the preceding days having given away to clearer skies, sunshine and cooling breezes. The red, white and blue, the martial music of the band and the brilliant sun tended to make a beautiful picture as the boys marched by. Only thirteen of the veterans were in autos, all that are left of the four thousand boys who were mustered in this county, during the four years of the Rebellion. In the past year, 24,000 World war veterans have been added to the roll of the dead. There are now 250,000 World war service men in graves at home and abroad according to figures obtained from the American Legion Weekly. It is estimated that by 1950, the number answering taps will exceed 50,000 annually.

The program at the Memorial hall was carried out to the letter. Rev. Floyd E. Logee gave the benediction. Lincoln's speech at Gettysburg was read by Mrs. E. F. Anderson. Mrs. Noah Weaver rendered several selections on the piano. Rev. Logee in his prayer, asked that we may learn to settle our difficulties and troubles by arbitration that the day has gone by for nations to settle things by brute force.

Dr. H. H. Snively, of Columbus, commented on the fact of the red danger in the eastern horizon and spoke of the Soviet government and the conditions prevailing in Russia.

Then antitoxin begins to develop again and when adult life is reached nearly eighty-five per cent of individuals are safer. Nature has planned a splendid defense against diphtheria but she has left a big loophole in her defense. We can now strengthen the weak places in nature's defenses and make the slogan come true.

AMUSEMENTS

Lillian Gish's triumphant success, "The White Sister" is announced for its premiere at the Metropolitan theater on Wednesday.

"The White Sister" was made in Italy with the cooperation of the Italian government. It has been characterized as one of the most beautiful films ever screened.

In addition to the superb acting of Miss Gish, who plays the role in which Viola Allen starred so successfully on the speaking stage, "The White Sister" has many thrilling spectacular scenes. The eruption of Mt. Vesuvius supplies the climax for this powerful picture which was directed by Henry King, best known for his work in "Tol'able David."

"The White Sister" is an Inspiration picture of which company Charles H. Duell Jr., is president, and is released thru Metro.

AMUSEMENTS

Lillian Gish's triumphant success, "The White Sister" is announced for its premiere at the Metropolitan theater on Wednesday.

"The White Sister" was made in Italy with the cooperation of the Italian government. It has been characterized as one of the most beautiful films ever screened.

In addition to the superb acting of Miss Gish, who plays the role in which Viola Allen starred so successfully on the speaking stage, "The White Sister" has many thrilling spectacular scenes. The eruption of Mt. Vesuvius supplies the climax for this powerful picture which was directed by Henry King, best known for his work in "Tol'able David."

"The White Sister" is an Inspiration picture of which company Charles H. Duell Jr., is president, and is released thru Metro.

Farmers you are saying "rain, rain, rain" may it not be a test of your character as toward God even as at Washington there has been revealed a test of character in regard to public trust? Read carefully the following:

"If there be a destiny, it is of no avail to us unless we work with it; the ways of Providence will be of no advantage to us unless we proceed in the same direction; if we perceive a destiny in America, if we believe that Providence has been the guide, our

own success, our own salvation, require that we should act and serve in harmony and obedience." — Extract from Memorial day address, 1923, by the now President Calvin Coolidge.

Laid Color on Thickly.
There were periods when even men rouged. In the Eighteenth century little attempt was made to imitate nature's coloring. The ladies "laid it on thick" in round red spots, and seemed to apply it, as they did patches, to obtain a supposed decorative effect, and to simulate the blush of nature. The red and white they used, unlike the modern cosmetics, were actually poisonous, and there is record of more than one lady of quality who died from the effects of white lead.

The Potato.

In its native country, on the mountains of Chile and Peru, writes Jean Henri Fabre, in Field, Forest and Farm, the potato in its wild state is a poor diminutive tuber about as large as a hazelnut. Man takes the worthless wild stock into his garden, plants it in rich soil, tends it, waters it; and behold, from year to year the potato thrives more and more, gaining in size and in nutritive properties, and finally becomes a farinaceous tuber as large as your two fists.

The Egyptian Barber

The ordinary vill re barber of Egypt bears a certain resemblance, in so far as his profession goes, to the barber-surgeon of ancient times in England. He is authorized by law, after having passed an examination, to perform vaccination, application of leeches, cupping, simple dressings, but is forbidden to order or prescribe medicines.

Ancestors of Sheep.

All the present breeds of sheep are probably descended from the Mountain, the European wild breed. The other leading wild breeds are the Argali of central Asia, and the Bighorn of the Rocky mountains in America; but it is doubtful if any domesticated varieties have been evolved from these. All the recently opened countries have been stocked from Europe, and nearly all from English breeds, with the exception of the Spanish merino.

Bean Boards

Bean boards is a new article which one of the mills in Dalren, China, recently started to manufacture. It is used for feeding animals and is chiefly exported to America. The boards are of rectangular shape, measuring 28 by 12 inches, with a thickness of eight-tenths of an inch. By submitting them to higher pressure than is applied in the case of beancake, they contain less moisture, rendering them less liable to become moldy in transit. The venture is still in the experimental stage, and its future is looked forward to with interest.—Scientific American.

ORDINANCE NO. 491.

An ordinance determining to proceed with the improvement of West High Street, from the east line of Western Avenue to the West line of Court Street, in the City of Circleville, Ohio, by paving the same and by constructing curbs and sidewalks.

Be it ordained by the Council of the City of Circleville, Ohio, that three-fourths of all the members elected or appointed thereto concurring.

Section 1. That it is hereby determined to proceed with the improvement of West High Street, in the City of Circleville, Ohio, from the east line of Western Avenue to the west line of driveway thereof, at the center of said Court street, in the following manner: By narrowing the roadway or vehicle street, to a width of forty feet between said two points, and by constructing on said roadway, or vehicle driveway, a concrete pavement, or concrete pavement forty feet in width with cement curbs along the north and south sides of said pavement which pavement to be constructed to the width of forty feet as above said, by using reinforced concrete seven inches in thickness, with combined concrete curb and gutter and by constructing sidewalks of cement, each six feet wide, along and on the north and south sides of said improved portion of said street, adjacent to and adjoining said curbs of said improved roadway; and by constructing the necessary sewers, drains, sub-drains and catch basins, in accordance with Resolution No. 482 passed April 2, 1924; and in accordance with the plans, specifications, estimates and profiles of said proposed improvement heretofore accepted and approved by this Council and now on file in the office of the Director of Public Service of the City of Circleville, Ohio, for inspection of the interested public.

Section 2. That all claims for damages resulting from said improvement shall be judicially inquired into after the completion of said proposed improvement, and the City of Circleville, Ohio, is hereby authorized and directed to institute proceedings in a court of competent jurisdiction to inquire into such claims.

Section 3. That the whole cost of said proposed improvement, less one-fifth thereof and the cost of interest thereon, also less the cost of constructing the storm water and sanitary sewers provided for in said proposed improvement, shall be assessed in proportion to the benefits which may result from said improvement upon the following described lots and lands, to wit: All lots and lands adjoining and abutting upon said proposed improvement, which said lots and lands are hereby determined to be specially benefitted by said proposed improvement, and the costs of said improvement shall include the expenses of the preliminary and other surveys, and of printing and publishing the notices, resolutions and ordinances required and the serving of said notices, the costs of construction, together with interest on bonds issued in liquidation of the collection of deferred assessments and all other necessary expenses.

Section 4. That the assessments so to be levied shall be paid in not more than ten annual installments with interest on deferred payments at the same rate as shall be borne by the bonds to be issued in anticipation of the levy and collection thereof, provided that the owner of any property assessed may at his option, pay such assessment in cash within thirty days after the passage of the assessing ordinance, in which case said assessment shall not include any item of interest upon bonds to be issued in anticipation of the collection of deferred installments of assessments.

Section 5. That the bonds of the City of Circleville, Ohio, shall be issued in anticipation of the levy and collection of assessments and in an amount equal thereto.

Section 6. That the remainder of the entire cost of said improvement, not specially assessed, including the cost of interest thereon, and the cost of storm water and sanitary sewers, together with the cost of any real estate or interest therein purchased or appropriated, and the costs and expenses of any appropriation proceedings therefor and the damages awarded any owner of adjoining lands and interest thereon, and the costs and expenses any such award, shall be paid out of a fund raised by the issue and sale of bonds of said City of Circleville, Ohio, in the manner provided by law and there be and hereby is appropriated from said fund created from the issue and sale of said bonds a sum of money sufficient to meet the requirements of the said remainder of the said costs.

Section 7. That the Director of Public Service of said City be and he hereby is authorized and directed to make and execute a contract for said improvement with the lowest and best bidder after advertisement, according to law.

Section 8. This ordinance shall take effect and be in force from and after the earliest period allowed by law.

Passed in Council this 21st day of May, 1924.

The Potato.
In its native country, on the mountains of Chile and Peru, writes Jean Henri Fabre, in Field, Forest and Farm, the potato in its wild state is a poor diminutive tuber about as large as a hazelnut. Man takes the worthless wild stock into his garden, plants it in rich soil, tends it, waters it; and behold, from year to year the potato thrives more and more, gaining in size and in nutritive properties, and finally becomes a farinaceous tuber as large as your two fists.

The Egyptian Barber.
The ordinary villager barber of Egypt bears a certain resemblance, in so far as his profession goes, to the barber-surgeon of ancient times in England. He is authorized by law, after having passed an examination, to perform vaccination, application of leeches, cupping, simple dressings, but is forbidden to order or prescribe medicines.

Musings of Martha.
Before a man's married you'd think he hadn't another thing in th' world to do but court you, an' after he's wedded he's so busy all th' time he plumb forgets how.

Ancestors of Sheep.
All the present breeds of sheep are probably descended from the Mountain, the European wild breed. The other leading wild breeds are the Argali of central Asia, and the Bighorn of the Rocky mountains in America; but it is doubtful if any domesticated varieties have been evolved from these. All the recently opened countries have been stocked from Europe, and nearly all from English breeds, with the exception of the Spanish merino.

Menace to Locusts.
Locusts in Algeria have found a dangerous enemy in a fly which follows them and lays its eggs where they lay theirs.

ORDINANCE NO. 401.
An ordinance determining to proceed with the improvement of West High Street from the east line of Western Avenue to the West line of Court Street, in the City of Circleville, Ohio, by widening, with the same and by constructing curbs and sidewalks.
Be it ordained by the Council of the City of Circleville, State of Ohio, three-fourths of all the members elected or appointed thereto concurring:
Section 1. That it is hereby determined to proceed with the improvement of West High Street, in the City of Circleville, Ohio, from the east line of Western Avenue to the west line of Court Street, in the following manner: By narrowing the roadway or vehicle street, to a width of forty feet between said two points, and by constructing on said roadway, or vehicle driveway, so narrowed, a cement or concrete pavement forty feet in width, with cement curbs along the north and south sides of said pavement, which pavement is to be constructed to the width of forty feet as aforesaid, by using reinforced concrete seven inches thick, with combined concrete curb and gutter and by constructing sidewalks of cement, each six feet wide, along on the north and south sides of said improved portion of said street, adjacent to and adjoining such curbs of said improved roadway; and by constructing the necessary sewers, drains, sub-drains and catch basins, all in accordance with Resolution No. 483 passed April 2, 1924, and in accordance with the plans, specifications, estimates and profiles of said proposed improvement heretofore accepted and approved by this Council and now on file in the office of the Director of Public Service of the City of Circleville, Ohio, for inspection of the interested public.
Section 2. That all claims for damages resulting from said improvement shall be judicially inquired into after the completion of said proposed improvement and the Solicitor of said City be and he is hereby authorized and directed to institute proceedings in a court of competent jurisdiction to inquire into such claims.
Section 3. That the whole cost of said proposed improvement, less one-fifth thereof and the cost of interest thereon, also less the cost of constructing the storm water and sanitary sewers provided for in said proposed improvement, shall be assessed in proportion to the benefits to be derived from said improvement upon the following described lots and lands, to wit: All lots and lands bounding and abutting upon said proposed improvement, which said lots and lands are hereby determined to be specially benefited by said proposed improvement, and the costs of said improvement shall include the expenses of the preliminary and other surveys, and of printing and publishing the notices, resolutions and ordinances required and the serving of said notices the costs of constructing together with interest on bonds issued in liquidation of the collection of deferred assessments and all other necessary expenditures.
Section 4. That the assessments so to be levied shall be paid in not more than ten annual installments with interest on deferred payments at the same rate as shall be borne by the bonds to be issued in anticipation of the levy and collection thereof, provided that the owner of any property assessed may at his option, pay such assessment in cash within thirty days after the passage of the assessing ordinance, in which case said assessment shall not include any item of interest upon bonds to be issued in anticipation of the collection of deferred installments of assessments.
Section 5. That the bonds of the City of Circleville, Ohio, shall be issued in anticipation of the levy and collection of assessments and in an amount equal thereto.
Section 6. That the remainder of the entire cost of said improvement, not specially assessed, including the cost of intersections and the cost of storm water and sanitary sewers, together with the cost of any real estate or interest therein purchased or appropriated, and the costs and expenses of any appropriation proceedings therefor and the damages awarded any owner of adjoining lands and interest thereon, and the costs and expenses of any such award, shall be paid out of a fund raised by the issue and sale of bonds of said City of Circleville, Ohio, in the manner provided by law and there be and hereby is appropriated from said fund created from the issue and sale of said bonds a sum of money sufficient to meet the requirements of the said remainder of the said costs.
Section 7. That the Director of Public Service of said City be and he hereby is authorized and directed to make and execute a contract for said improvement with the lowest and best bidder after advertisement, according to law.
Section 8. This ordinance shall take effect and be in force from and after the earliest period allowed by law.
Passed in Council this 21st day of May, 1924.
L. T. SHANER
President Protem of Council.
Attest:—Fred R. Nicholas,
Clerk of Council.
Approved by me this 21st day of May, 1924.

Mayor.

Damascus a Bus Center
Three motor bus lines are now being operated between Damascus and Beirut, Syria. One of these is being managed by a railroad company which has a rail line running between these points. There are also bus lines between Damascus and two other cities. The privately owned cars registered in this era now number about 100 as compared with about a third that number a year ago.

Bean Boards
Bean boards is a new article which one of the mills in Dairen, China, recently started to manufacture. It is used for feeding animals and is chiefly exported to America. The boards are of rectangular shape, measuring 28 by 12 inches, with a thickness of eight-tenths of an inch. By submitting them to higher pressure than is applied in the case of bean cake, they contain less moisture, rendering them less liable to become moldy in transit. The venture is still in the experimental stage, and its future is looked forward to with interest.—Scientific American.

Professor M. K. Riddick and wife of Montana, stopped in our town last Monday and Tuesday taking a number of passengers a ride in his aeroplane. Ask Charles Schwin about it. He bid his wife good-bye and said she could go next time.

MONROE TOWNSHIP

The farmers have the most of the corn planted and some is up nicely.

J. M. Tootle and sisters were in Circleville Monday on business.

Last Friday a large number gathered at the central building with well filled baskets and such a fine dinner could not be outdone by any community. Another surprise for the children was that the high school children wanted to do their part, so they furnished two large freezers of ice cream which was enough to serve all present. After the dinner a short talk was made by Rev. Vaughn, who always knows what is needed to be said at the proper time. Mrs. James Porter presented a large cake for the teachers of the township which was so much appreciated. Superintendent M. Jay Ellis was called upon to say a few words and as he came forward another large angel food cake was presented to Mr. Ellis and family from Evalena and Frances Baker, high school pupils. Superintendent Ellis and wife remarked later that these tokens of respect were worth more to them than all of the year's salary. Ball games by the dads and mothers were held and a great many "stunts" were put across by each room. George Downs won the medal for the pole vault and Marvin Fulton for the running high jump. George Downs vaulted 10 feet, four inches and Marvin Fulton running high jump, five feet, seven inches. About 600 people were present.

Saturday night the Alumni association met and a fine time was had by all. After the splendid dinner a short business meeting was held and Superintendent M. Jay Ellis was called up-

on to say a few words to the crowd which were mostly pupils of his school. Mr. Ellis told them that this was one of his dreams that had come true. He also told of the death and burial of one of their number during the year, Gertrude Collins, and said that as next year rolled along he hoped that all would be alive and able to be present. Frances Zimmerman was toastmaster and made all feel at home and Ruth Buskirk was ready with a smile to welcome all to a fine time. This affair was a great success in every way with fine music and plenty to eat.

Plans are under way for an all day meeting at the Christian church next Sunday.

AUTO ACCIDENT

Cadillac Car of Dr. Courtright Damaged but Occupants Unhurt.

About ten o'clock Thursday morning as a bunch of senior students of the Circleville high school were wending their way to Canter's Cave to spend the day picnicking, a bunch of boys in the Cadillac sedan of Dr. D. V. Courtright, met with quite an accident about six miles south of Chillicothe, near the town of Richmondale.

The car was driven by John Courtright and as he was rounding a curve a Ford touring car, driven by ladies, held the center of the road and forced the driver of the Courtright car either to collide or go into a ditch. In turning to the side of the road quickly to avoid a collision the car skidded in fresh gravel and struck a telephone pole. The right front wheel, a smashed fender and a bent axle of the Cadillac was the result of kissing the pole. All the passengers escaped injury. They were later picked up by other students on their way to Canter's Cave and enjoyed the rest of the day.

Governor Vic Donahey Made Address to Normal Class.

Teaching is Great Responsibility—Cornerstones of Good Citizenship Are Education, Morality, Discipline and Initiative—Ten Women in Class

The Pickaway County Normal School commencement was held Thursday evening at the auditorium of the Circleville high school. One of the largest audiences ever assembled in the building was present.

The invocation was given by Rev. E. K. Johnson. This was followed by two piano solos rendered by Misses Joy Hedges and Helen Hedges. Governor Vic Donahey delivered the class address and he was introduced to the audience by Miss Laura Mengert. Miss Roswitha Smith, a vocalist of note, with a fine voice and good delivery, sang four solos: "A Morning Hymn" by Henschel; "The Son of My Mother" by Devorak; "A Love Song" by Frank LeForge and "A Spring Song" by Samuel Richard Gaines, a young Columbus, Ohio, author.

Superintendent of County Schools Professor M. C. Warren, made the announcement that the diplomas would not be given to the young graduates at this time as has been the general custom. According to the ruling of the state superintendent of instruction, these will not be given out until the graduate has shown or proven his worthiness and success as a teacher; and this will be a year hence, if he or she has so proven. The benediction was given by Rev. E. K. Johnson.

The address of Governor Donahey was a deliverance against the general assembly and he told why he vetoed so many bills. He said that the last general assembly in less than four months passed 184 bills and give him only ten days to look them over. He was unable to digest that number in such a short time, so they were scrapped.

The governor said that some of these days this hurry up fashion of making laws will be changed. Bills will be introduced and the assembly members will be told to go home for six months to give the governor time to examine them. He said we have entirely too many laws and that he believes in the administration of law and that disrespect for laws breed crime. The more laws enacted in your state the more taxes you will pay.

The speaker said that the state is being slowly absorbed by the general government and said that we would not need the national enforcement of officers in this state to enforce the prohibition laws if public officers would do their duty.

The governor also explained the reason of vetoing the acceptance of the John Bryan farm in Greene county given to the state for botanical purposes, provided no public religious worship is held upon the grounds. He considered that the exception to religion made by the donor was an insult to every Christian in the state. He expressed the hope that the people will remove that cancer from our fair state.

The governor then went into the tax measure and gave a dissertation on our system of levying taxes and gave his views of the right and wrong way of making tax laws and offered the peracea of letting every district make its own. In other words give them home rule. He said the single tax idea is not so far wrong, you are nearing it gradually every day. We are paying 250 millions of dollars in direct taxation and 30 millions in indirect taxation. You may as well get ready to pay tax on the air you breathe and the water you drink. It's coming.

In the address to the graduating class Governor Donahey said that by the time we are old enough to go to school our mothers have tamed us down some, disciplined us and the rest is for the teacher to make good citizens out of the timber that is sent into the school room. Educate them, make of them wholesome citizens, discipline is absolutely necessary as it spells citizenship. Teaching is a great responsibility as the four cornerstones of good citizens are education, morality, discipline and initiative.

We have 9800 schools in this state with 35,297 teachers. There are 25,000 university and normal students in the state, who will take charge of these schools next year.

The following students were graduated: Misses Helen Phillips, Alice Phillips, Geneva Adams, Bertha Courtright, Joy Hedges, Zola Harmon, Julia Archer, Ruth Smith, Bernice Buskirk and Martha Leist.

Unlike Mayflower Pilgrims. In 1731, on the 27th of September, a gang of 130 felons were taken from Newgate prison and put aboard ship to be transported to America to colonize the country. Later in the century England changed the destination of her transported criminals to Botany Bay and favored America with shiploads of destitute people just discharged from the penitentiaries.

AUTO ACCIDENT

Cadillac Car of Dr. Courtright Damaged but Occupants Unhurt.

About ten o'clock Thursday morning as a bunch of senior students of the Circleville high school were wending their way to Canter's Cave to spend the day picnicking, a bunch of boys in the Cadillac sedan of Dr. D. V. Courtright, met with quite an accident about six miles south of Chillicothe, near the town of Richmondale.

The car was driven by John Courtright and as he was rounding a curve a Ford touring car, driven by ladies, held the center of the road and forced the driver of the Courtright car either to collide or go into a ditch. In turning to the side of the road quickly to avoid a collision the car skidded in fresh gravel and struck a telephone pole. The right front wheel, a smashed fender and a bent axle of the Cadillac was the result of kissing the pole. All the passengers escaped injury. They were later picked up by other students on their way to Canter's Cave and enjoyed the rest of the day.

GRADUATING EXERCISES

Governor Vic Donahey Made Address to Normal Class.

Teaching is Great Responsibility—Cornerstones of Good Citizenship—Education, Morality, Discipline and Initiative—Ten Women in Class

The Pickaway County Normal School commencement was held Thursday evening at the auditorium of the Circleville high school. One of the largest audiences ever assembled in the building was present.

The invocation was given by Rev. E. K. Johnson. This was followed by two piano solos rendered by Misses Joy Hedges and Helen Hedges. Governor Vic Donahey delivered the class address and he was introduced to the audience by Miss Laura Mengert. Miss Roswitha Smith, a vocalist of note, with a fine voice and good delivery, sang four solos: "A Morning Hymn" by Henschel; "The Son of My Mother" by Devorak; "A Love Song" by Frank LeForge and "A Spring Song" by Samuel Richard Gaines, a young Columbus, Ohio, author.
